

WHERE SCHOLARS BECOME LEADERS.

ESPORTS **SUMMER CAMP**

Build Your Esports Empire

FACILITATE YOUR OWN TOURNAMENT

LEVEL UP YOUR SKILLS

WE OFFER 3 DIFFERENT EXPERIENCES

Dive deep into the world of esports and game development with our 3 unique summer camps exploring the business of esports and the practicalities of game development!

(1) ESPORTS BUSINESS PITCH COMPETITION

This program provides scholars with hands-on experience facilitating an esports tournament by focusing on the business aspects of managing an esports organization.

(2) FORTNITE MAP CHALLENGE

In this program, scholars leverage Unreal Engine and Fortnite's creative tools to gain practical experience in game design.

(3) RUBE GOLDBERG DESIGN CHALLENGE

This program utilizes Unreal Engine's physics simulation to introduce scholars to game development concepts through the creation of Rube Goldberg machines.

Disclaimer: Due to the interactive and collaborative nature of our camps, we reserve the right to require a minimum number of enrolled scholars. We encourage eager scholars to create their own group experience by enlisting their friends to join their camp to meet the minimum participation requirements.

BUSINESS PITCH COMPETITION

In this 2 week camp, scholars (ages 14-18) will gain a comprehensive understanding of the esports industry, from its history and career opportunities to the intricacies of facilitating an esports organization and tournament event. Through a combination of lectures, workshops, and group work, campers will develop essential business, marketing, and event planning skills all while having a fun and engaging experience.

DEVELOPING REAL WORLD EXPERIENCE

Dear Parents, Administrators, Teachers and Scholars,

Esports can be a powerful tool to support success throughout a scholar's tenure.! In our summer camps, students will gain a comprehensive understanding of the esports industry, from its history and career opportunities to the intricacies of running an esports organization and tournament event. Through a combination of lectures, workshops, and group work, campers will develop essential business, marketing, game development, and event planning skills all while having a fun and engaging experience.

MAINSTREAM RECOGNITION

Esports is gradually gaining recognition as a legitimate form of competition and entertainment. Major sporting organizations and traditional sports teams have started investing in esports, either by creating their own teams or acquiring existing ones. This mainstream acceptance helps attract more fans, sponsors, and funding, leading to further growth in earnings for individuals and organizations.
